Customer Allergen Information Guide

Version 15
27.10.26

This Guide contains information on the 14 allergens, as recognised by the Food Standards Agency, for our products, to help you choose the right product for you.

The Food Standards Agency regards the following ingredients and their derivatives as allergens:

Peanuts	Celery	Eggs	Molluscs
Fish	Lupin	Sesame Seeds	Cereals containing Gluten
Crustaceans	Sulphites	Soybeans	
Milk	Nuts	Mustard	

This allergen information guide applies to Greggs products sold in the United Kingdom only.
For allergen information for Greggs locations outside the UK, please refer to the QR code available in store.

If you have a query about any other ingredient, please contact our customer care team on:

0808 147 3447

GREGGS

Introduction

We freshly prepare a lot of our food and drinks including our Vegan Friendly Range, in our shop kitchens every day. We use different ingredients in our kitchens and have shared equipment. Whilst we do our best to manage our food and ingredients, **we cannot guarantee our food or hot drinks are allergen-free.**

Vegan Friendly and Gluten Free:

What is Vegan Friendly?
In line with the Vegan Society recommendations, we at Greggs are using the term 'Vegan Friendly' to label products that may not be made in dedicated vegan sites, but in sites where many steps as possible have been taken to minimise the risk of cross-contamination. See our dedicated pages for our Vegan Friendly Products.

What is Gluten Free?
Gluten Free labelling legislation explains that "the statement 'gluten free' may only be made where the food as sold to the final consumer contains no more than 20mg/kg of gluten". The claim can be used on products where gluten has been specifically removed and/or substituted with a non-gluten-containing ingredient.

Greggs gluten free products are manufactured using recipes which are free from gluten and the manufacturing sites have strict gluten controls and testing regimes in place. Our shop teams have undergone gluten training, and there are gluten controls and testing regimes in place to manage cross-contamination with gluten within our shops. Gluten Free Products are indicated with (GF) after the product name, and also highlighted in the end column of each page with (Y).

Product Updates:

Our products may change from time to time, but when this happens we will keep you informed via our **Product Updates section (page 4).** Products will remain in this section for a minimum of 28 days, so please check your favourites often.

Updates will be listed under the following categories:

- *New Product (NEW)*
- *Allergen Update*
- *New Recipe*

Hot / Iced Drinks

Due to our equipment, we cannot guarantee our drinks to be allergen-free.

Packaged Products

The allergen information for our packaged products that are not handled by our team members are detailed within the allergen guide or alternatively detailed on the label.

Allergen details for branded items can be found on the product packaging or on the supplier's official website.

However, our products are constantly being improved and ingredients are liable to change – so please always read the actual product label carefully before consuming any product.

Please do not rely solely on the information provided on our website / digital channels for our packaged products, despite allergen information being regularly updated.

If you have any further queries about any of our products, or the changes, please contact our Customer Care team on

0808 147 3447.
