Allergen Information

England, Scotland, Wales and Jersey

We want all our customers to feel comfortable requesting allergen and dietary information when dining with us.

Every pizzeria has a copy of this **Allergen Information** on hand. Alternatively, please scan the QR code below or the QR code found at the bottom of our menus to check the information online.

Additional **Nutritional Information** and the **Full Ingredients List** can be checked online too.

If you do not have an internet connected device on you, please ask a member of our team. We will be happy to provide you with the information.

HOW TO USE THIS GUIDE

At PizzaExpress, your lifestyle choices and dietary requirements are just as important to us as they are to you or those you care about.
Our dishes, ingredients and drinks are listed in rows on the left-hand side. If a dish contains an allergen in its ingredients, a '✓' will appear in the corresponding allergen column. A '*' indicates that an ingredient is produced in a factory where the allergen is present and where we believe there is a significant risk of cross-contamination.

In line with the EU Food Information Regulation, we declare the 14 main allergens. If you require more detailed ingredients information, please see our full **Ingredients List**. Not all dish ingredients are listed on the menu.

Please make sure that you check the Allergen Information each time you order even if you have chosen the item previously and always inform your waiter of your allergy, intolerance or dietary requirements when ordering. Our teams cannot recommend or tell you what is suitable for you to eat or drink. Regional variations may apply.

Please note: in the 'Ingredients' section of this guide, we do not list any ingredients which are unadulterated; e.g. eggs, tomatoes, lemons, peppers, oregano, coffee beans, etc.

DINE IN & COLLECTION

We take great care to reduce the risk of cross-contamination, and our teams work hard to handle food safely at all times. However, our ingredients are used and handled in environments where allergens are present. Because different allergens are constantly in use, we can't guarantee that any of our dishes are completely allergen-free or suitable for those with specific allergies.

DELIVERY

When ordering through our delivery partners, we're unfortunately unable to cater for specific allergies or dietary requirements. This is because your order is delivered by a third party, and we can't guarantee the controls needed to prevent cross-contamination. We'd love to meet your dietary needs at our pizzerias instead. Please visit your nearest pizzeria to dine with us, or place an order to collect in person, where our team can support you with your dietary needs.

GLUTEN-FREE

We offer a wide range of gluten-free dishes, which are marked 'GF' on our menus and accredited by Coeliac UK.

- **Romana and Classic pizzas** can be ordered on a gluten-free base (made in our gluten-free bakery) and are served with a **purple pizza slicer**.
- Our **Dough Balls and Pollo Pesto pasta** can be ordered gluten-free and are marked with a **gluten-free sticker**.
- All **Piccolo pizza and pasta dishes** can all be ordered gluten-free and are marked with a gluten-free sticker.
- **Piccolo Dough Balls** are also available gluten-free and are served on a small black dish marked with a gluten-free sticker.

If your gluten-free choice does not match the above description, please ask a team member.

*For restaurants that are situated in **airport venues**, gluten-free pizzas are served on a **black board**.*

To help reduce the risk of cross-contamination, we only use loose, gluten-free rice flour in our kitchens.

Please note: gluten-free dishes ordered for delivery are handled by a third party, and our Coeliac UK accreditation does not apply to these orders. If your gluten-free order is not delivered with a 'GF' sticker, please check this with the PizzaExpress restaurant before you consume it.

For reference, gluten-free means food containing no more than 20 parts per million (20ppm) of gluten; however, they may not be suitable for customers with cereal allergies.

VEGAN MENU

Our Vegan Menu shows all food and drink options that are suitable for a vegan diet. We work closely with our suppliers and restaurant teams to reduce the risk of cross-contamination. However, as animal products are used in our kitchens, it isn't always possible to remove this risk completely.

We follow guidance from The Vegan Society and the Food Information Regulations. Where there is a known risk of cross-contamination with animal products, this is clearly shown with an asterisk (*) on the allergen sheets. While our teams take great care, we can't guarantee that any dish is completely free from allergens or suitable for those with specific allergies.

IF YOU HAVE ANY ALLERGIES OR DIETERY REQUIREMENTS, PLEASE PLACE YOUR ORDER WITH A MEMBER OF THE TEAM

If you cannot find the dish or ingredient you require in this section, please visit the main section of this document or speak to a member of the team.

We take food allergies, intolerances and dietary requirements very seriously. Our teams follow procedures to handle food safely and reduce the risk of cross-contamination. However, as our ingredients are used and prepared in busy kitchens where allergens are present, we cannot guarantee that any of our dishes are completely free from allergens or suitable for those with specific allergies.
